PACKAGING:

Pails
Quart Cubes

PRODUCT DESCRIPTION:

Hill and Griffith **SPEED SEAL 10** Mold Seal-Core Paste is formulated with organic and inorganic binders, fillers, suspension agents and water. **SPEED SEAL 10** Mold Seal-Core Paste provides good strength in relatively short periods of time and exhibits good storage life. This unique formulation provides a quick drying skin over the binders and maintains its applied bead size. The bead then creates a filler and paste combination to fill any voids and creates gluing bonding agent.

FEATURES & BENEFITS:

- Good Strength
- Water Based
- Bead Forming
- Easy Application
- Easy Clean Up
- Stable
